Your 2021-2022 Free Application for Federal Student Aid (FAFSA) was selected for review in a process called verification. The law says that before awarding Federal Student Aid, we may ask you to confirm the information you reported on your FAFSA. To verify that you provided correct information, we will compare your FAFSA with the information on this institutional verification document and with any other required documents. If there are differences, your FAFSA information may need to be corrected. You and a parent whose information was reported on the FAFSA must complete and sign this institutional verification document, attach any required documents, and submit the form and other required documents to us. We may ask for additional information. Should additional space be required for any of the below fields, a separate sheet may be attached to complete the data. In addition, the student and parent will need to sign and date each additional sheet. If you have questions about verification, contact us as soon as possible so that your financial aid will not be delayed.
