TABLE 1 – Athletics Participation

Federal regulations require that the following information, based on the previous report year, be available for inspection by students, prospective students, and the public by October 15 of each year.

This table lists the number of participants by gender for each team. According to the published federal regulations governing EADA reporting, a participant is defined as a student-athlete who, as of the day of a team’s first scheduled contest –

- (a) is listed by the institution on the team’s roster; or
- (b) receives athletically related student aid; or
- (c) practices with the team and receives coaching from one or more coaches.

Any student-athlete who satisfies one or more of these criteria is a participant, including a student on a team the institution designated or defines as junior varsity, freshman, or novice, or a student withheld from competition to preserve eligibility (i.e., a redshirt) or for academic, medical, or other reasons.
