Academic programs leading to professional licensure

For academic programs that may reasonably be assumed to lead to professional licensure, these disclosures indicate, as of July 2020, the states where the institution has determined through reasonable, good faith effort that such programs:

1. Do meet the applicable professional licensure education requirements;
2. Do not meet the applicable professional licensure education requirements; or
3. Have not been able to be identified as meeting the applicable professional licensure education requirements.

Each state has its own licensure requirements, *so it is best to contact the relevant state department of education prior to beginning your program*. Each state's appropriate office has been linked in the chart below.
