IDEAS/STRATEGIES – SANDBOX

- Refocus our processes and culture to encourage a more student-focused approach to our learning and teaching activities and support structure.
- Undertake workforce planning to enhance staffing and capability to meet current and future needs.
- Review policies, processes and systems with a significant focus on reducing administrative burdens and minimizing *Sacred Cows* and *Pain Points* for staff and students.
- Invest in professional development for our staff with a particular focus on synergy, partnership, and self-development.
- Facilitate the bringing together of students, faculty and staff in both formal and informal settings by expanding the portfolio of shared experiences.
- Create safe places for mentoring and discipleship: Coffee shop, rework lobbies or each division have a lobby for small community gatherings.
