

# COLLEGE COUNCIL RECORD OF ACTION

OFFICE OF THE PRESIDENT

CENTRAL CHRISTIAN COLLEGE OF KANSAS

---

August 2023

---

## SIS Recommendation

On July 12, 2023, the College Council referred the recommendation from the SIS Search Committee and asked the Office of the President to take action by adding the need for an SIS to the Strategic Plan.

The President *affirms* this action.

In addressing this action, the President recognizes the frustration that exists between need and the resources available to meet this need. In response, after discussion with the Leadership Team, the SIS issues has been included in the Strategic Plan, with the note to “Create a plan to address SIS replacement”.

The OTP acknowledges that this is a fairly anemic response to the need. However, in light of the costs associated with replacing the SIS, developing a short-term plan seemed most feasible.

However, it should be noted that the Strategic Plan is under the oversight of the College Council. Therefore, it can be adjusted, at the will of the Council.

Respectfully,

A large, stylized handwritten signature in black ink, appearing to read 'L. Favara, Jr.'.

Leonard F. Favara, Jr., Ph.D. (Rev.)

President
